DETAILED ACTION

Response to Amendment

1. This Office action is in response to Applicant's RCE/amendment filed on 12/31/2001.

2. Claims 17-26 are canceled and claims 27-37 are added.

NOTE

3. Applicant is advised to remove "means for" in the claims because a method claim should not recite "a means plus function", and therefore, the rejection below is provided. Appropriate correction is required.

Claim Rejections - 35 USC § 112

4. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

5. Claims 17-26 are rejected under 35 U.S.C. 112 second paragraph because a single claim which claims both an apparatus and the method steps of using the apparatus is indefinite. See, In Ex parte Lyell, 17 USPQ2d 1548 (Bd. Pat. App. & Inter. 1990), in which a claim directed to an

automatic transmission workstand and the method steps of using it was held to be ambiguous and properly rejected under 35 U.S.C. 112, second paragraph.

Claim Rejections - 35 USC § 101

6. 35 U.S.C. 101 reads as follows:

Whoever invents or discovers any new and useful process, machine, manufacture, or composition of matter, or any new and useful improvement thereof, may obtain a patent therefor, subject to the conditions and requirements of this title.

7. Claims 17-26 are rejected under 35 U.S.C. 101 based on the theory that the claim is directed to neither a "process" nor a "machine", but rather embraces or overlaps two different statutory classes of invention set forth in 35 U.S.C. 101 which is drafted so as to set forth the statutory classes of invention in the alternative only.
